Professional Development will always contact you first the affiliate if they are having panel discussion for an education event in your area of expertise.

- **Mixers**

The events committee will be holding some social mixers to introduce new members to the association's current members and affiliates. Sponsorships will be made available.

- **Sponsorship Opportunities**

Affiliates are invited to sponsor a variety of annual events. We promote your sponsorship with signs at the event, address membership with introduction of you and your company, and follow up recognition in our publications.
